From: Amal Chauhan, Executive Director
Subject: COVID-19 Update: Development, Competitive, OPDL

Dear Teams,

Due to recent statements made by the [Government of Ontario](#), [City of Burlington](#) and [Ontario Soccer](#), **all soccer activities continue to be suspended, this will prevent teams from returning to on field training sessions and indoor league games. Additionally, the City of Burlington announced that sports fields will remain closed until the end of June.** Online platforms such as Coach & Match Officials Courses, Player & Team Registrations and Tournament (Ontario Cup) Applications continue as usual.

The Club's Technical Group is currently collaborating with your Coach to offer a virtual team experience from home. Teams will be scheduled via online platforms with live training sessions delivered by Team Coaches. Stay tuned for more information.

OPDL: Please note that your final fee installment will be postponed until further notice. Once we can firm a start date, this amount will be prorated.

DEVELOPMENT & COMPETITIVE: We are aware that your annual fee has been paid. Once we receive a firm start date, the club will be providing you with a credit.

We want to ensure you that the BSC administration continues to prepare your team for when programs are cleared to resume. The Outdoor Season will be scheduled accordingly, as leagues are prepared to deliver the season even with a delayed start.

To help minimize the spread of the COVID-19 virus and in efforts to protect the public and staff, the BSC office and facilities will remain closed. During this period, email is the best method of communication. As we are anticipating an increased volume of inquiries, we appreciate your patience.

We hope that you and your loved ones are staying safe during this pandemic and are following the appropriate precautions advised by local health authorities.

Stay Active with BSC Home Activities – [CLICK HERE](#)

Sincerely,

Amal Chauhan, Executive Director
