

Date: March 30th, 2020
To: Burlington Soccer Club Membership
CC: BSC Administration, BSC Board
From: Amal Chauhan, Executive Director
Subject: COVID-19 Update: Recreational

Dear Members,

The Burlington Soccer Club continues to closely monitor the COVID-19 situation on an hourly and daily basis. Our administration will continue to provide updates to our membership and continue to take the appropriate actions to prioritize the health and well-being of members as it pertains to our programs.

Due to recent statements made by the [Government of Ontario](#), [City of Burlington](#) and [Ontario Soccer](#), **all soccer activities continue to be suspended, this will prevent us from completing the Winter Indoor Season.** Club staff will be providing credits to your PowerUp account. Credits can be applicable to all programs offered with the Burlington Soccer Club. Kindly allow administration 2-3 weeks to update your account.

We want to ensure you that during this time the BSC staff are working on creating a fun-filled 2020 Outdoor Season, it is now scheduled to start the first/second week of July. We are still prepared to deliver the summer season with this delayed start.

Be ready to play outside. Don't miss the opportunity to secure your spot in our Summer Leagues. The registration deadline has been extended to May 31st, 2020. More information [here](#).

To help minimize the spread of the COVID-19 virus and in efforts to protect the public and staff, the BSC office and facilities will remain closed. During this period, staff will continue to be available via email during regular office hours. For inquiries, contact [customer service](#). As we are anticipating an increased volume of inquiries, we appreciate your patience.

We hope that you and your loved ones are staying safe during this pandemic and are following the appropriate precautions advised by local health authorities.

Stay Active with BSC Home Activities – [CLICK HERE](#)

Sincerely,

Amal Chauhan, Executive Director
