

# BURLINGTON SOCCER CLUB

## U9 Competitive Program

*The Bayhawks Competitive Development Program offers a player-focused, development pathway that is designed, implemented and managed by our Technical Team. This program is devised to improve their technical skills, understanding of the game, and physical fitness. While following the Long-Term Player Development model, our players develop their soccer acumen through small-sided games and “guided discovery”, all tailored to their appropriate developmental needs.*

**October, 2021 – August, 2022**

**Program Start Date: October 12, 2021**
