

EMBRACING ABILITY H.J. WICKE VOLUNTEER AWARD

As a non-profit soccer club, the Burlington Soccer Club's Mission is to lead and support the growth of players through the sport of soccer by offering innovative and sustainable community-based programs. Our Embracing Ability program has been a strong part of our mission since 2017, and we are only able to continue to offer this program through the support of incredible volunteers who believe and support this mission.

Each year this program seeks out volunteers who have a passion for both soccer and community, coupled with a desire to give-back. That passion for supporting others was exactly what H.J. Wicke was about. He would always volunteer his time to ensure others had the opportunity to achieve their dreams (big or small).

Through the generous support of his family, the H.J. Wicke Volunteer Award was born. Each season (fall, winter, summer), one volunteer will be selected by our program leads and will be honoured with a plaque, gift and social commemoration.

CRITERIA

Volunteers chosen to receive this award will be selected from the present group of program volunteers during the active season (fall, winter, summer). The volunteer selected will have had a strong attendance record and continuously goes above and beyond. The person selected is always happy and eager to assist in making our program better and passionate about helping others achieve great things and overcome obstacles.

ELIGIBILITY

The Volunteer must:

- Volunteer for our Embracing Ability Program
- Attend 80%+ of sessions offered during the season
- Have not already been a recipient of the award during the same fiscal year (i.e., unable to win fall & summer)

The award recipient will be honoured at the last session of the season in which they are the winner.
